

Grow Pipeline, Win Revenue & Strengthen Customer Relationships

Make it simple to execute, track, and optimize every customer interaction directly inside Salesforce.

Sell Smarter Now with Conquer

Delivering intelligent sales insight, engagement and automation.

Inbound/Outbound Communications

Meet the economic buyer over the channel they prefer (email, voice, SMS, social, video).

Single Pane of Glass

No application switching required by seller. Get more done in less time, with seller activity automated.

Automatic Logging

Relate every customer interaction directly to the correct SFDC record.

CRM Native

Only voice solution native to SFDC, built for enterprises.

Fastest Speed to Lead

Connect with economic buyer in under 3 seconds on preferred communications channel.

Skill-based Routing

Connect customers to the most skilled, properly licensed rep based on SFDC rules.

AI Voice Engine

Analyzes conversations in real time to push battlecards to seller via topic detection.

Intelligent Reporting

Every cadence touchpoint intelligently related to closed-won revenue opportunities.

Help your sales & service teams conquer their day

The Sacramento Kings

Reach and close buyers faster.

Conquer combines enterprise grade voice and omnichannel communications to meet and exceed buyer expectations.

Understand your revenue generation at a deeper level.

Conquer's intelligent reporting automatically correlates every rep action to closed-won opportunities.

10x Efficiency, Instant ROI

“We saw about a 60% increase in engagement once we dove into automation.”

- Courtney Blake Rice, Senior Director, Ticket Sales and Premium Membership, Sacramento Kings

Six capabilities to drive predictable revenue & strengthen customer relationships.

Execute Touchpoints

Orchestrate inbound and outbound communications across voice, email, text, social, and more from inside of your CRM.

Plan Cadences + Triggers

Guide sellers across channels, messaging, and timing. Use triggers to automate actions, progress leads, or start cadences.

Improve Efficiency

Automate manual tasks, accelerate enablement, and improve sales velocity by eliminating unnecessary clicks and keystrokes.

Track Outcomes

Monitor team performance based on touchpoint outcomes, then use advanced analytics to standardize and optimize.

Measure Impact

Correlate activities to real business results and measure your performance by channel, message, cadence, and team.

Optimize for Growth

Enhance team feedback loops and leverage activity, outcome, and engagement data to surface key insights.

The tools & insights you need,
exactly where your team works.

With 400+ 5-star reviews on Salesforce AppExchange and the largest sales engagement deployments within the ecosystem, see why enterprise organizations on Salesforce trust Conquer to increase revenue.
